

Voltaic Minerals Corp. Announces LEI Number

November 28, 2017 – Voltaic Minerals Corp. (TSXV: VLT, OTC: VTCCF, FSE: 2P61) (the “Company” or “Voltaic”) announces that it has been assigned the Legal Entity Identifier (“LEI”) number [529900RVS17D78INK743](https://www.lei.org/lookup/529900RVS17D78INK743). The European Union has adopted regulations that require use of the LEI as a barcode equivalent aimed at pinpointing systemic risks.

About the Legal Entity Identifier (LEI)

The Legal Entity Identifier (LEI) number is a 20-digit alphanumeric code. It is an internationally standardized and globally valid identifier for financial market participants. Its purpose is to clearly and unequivocally identify contracting parties (e.g., companies, banks, and investment funds). It is used to comply with a variety of financial reporting requirements. The Deutsche Borse Group has stated that “the LEI will clearly assist the regulatory authorities in monitoring and analysing threats to the stability of the financial markets, (but) it can also be utilised by counterparties internally for risk management purposes.”

Voltaic meets the requirement for all companies listed on German Stock Exchanges (ie. Frankfurt Stock Exchange) to have an LEI number by January 3, 2018.

According to the website of the Deutsche Börse Group, the LEI number will affect most aspects of the securities markets in Europe, including trading, clearing, settlement, custody, collateral and liquidity management, market data and indices. About Voltaic Minerals Corp.

Voltaic Minerals Corp. is a Vancouver-based Lithium exploration company which owns 100% of the Green Energy Lithium Project that encompasses 4,160 acres of Bureau of Land Management (BLM) claims and is in Grand County, 15 km west of the city of Moab, Utah. Lithium and other minerals occur at the property in an over-saturated brine (40% minerals, 60% water) discovered during historic oil exploration when drill wells intercepted Clastic Bed #14 of the Paradox formation.

ON BEHALF OF THE BOARD
VOLTAIC MINERALS CORP.

“Darryl Jones”

President and CEO
